Be the Light!

Psalm 27: 1-4

The Lord is my light and my salvation—
whom shall I fear?
The Lord is the stronghold of my life—
of whom shall I be afraid?

When you go somewhere and you know it will be dark, you take a flashlight. You will need the light to see things that can only be reached by light. Light will overcome the darkness! When the light is shone in the darkness, the darkness is overcome; it disappears.

David declares God to be his light and salvation. God led David though the dark and trying times of his life. Fear is represented by darkness. Light is the opposite. God provided David with the light needed to beat the darkness he was facing.

The Creator of physical light and the Giver of spiritual light is God. He allows us to see the truth! We need His light! Without His light, you and I walk in darkness. We must seek His wisdom, know His truth, and live a righteous life.

Be the flashlight for those people around you living in darkness. Shine His light into their darkness so they can see a renewed hope in front of them.

***Prayer**: Dear God, help me to allow Your light to shine on me and through me. You are the great light that overcomes all darkness in and around me. Amen.*
